Dear Parents and Guardians,

House Bill 5 (HB5) of the 83rd Texas Legislature Regular Session added Section 39.0545 to the Texas Education Code (TEC). This section requires that each school district evaluate and assign ratings of Exemplary, Recognized, Acceptable, or Unacceptable for the District and for each Campus on both overall performance and nine performance categories. Evaluations of these areas were conducted on each campus and the District level via the Site-Based Decision Making Committees during the spring 2015 semester. The results were an opportunity to showcase areas of excellence and success, as well as recognize areas in need of improvement. The evaluation results will assist the District with setting future goals for Roosevelt ISD and its schools that are valued in the community.

Below is a summary of the Community and Student Engagement Evaluation Results for RISD for 2014-15 school year:
